

PASTURE RAISED. RANGE READY.

We welcome you to the 42nd annual offering of Hall Ranch two-year-old, pasture raised, range ready registered Angus bulls. We appreciate your interest in our program and the genetics we continue to provide for your evaluation.

It has been quite a challenge the last 365 days with sub-zero, winter temperatures and below par spring and summer moisture. It's times like these that management decisions become ever more critical. Come take a look at our genetics to see if they can help you out.

During the fall and winter we have seen a number of our customers topping or near topping the markets with their quality feeder cattle and yearlings. We would love to have you be among them.

What are your program needs? Is it calving ease? Hall Ranch bulls can bring that to your program. Is it weaning weight? Hall Ranch bulls can add pounds to your program. Is it quality replacement heifers? Hall Ranch bulls can sire easy keepers for your program. Is it consistency? Buy bulls from our program and Hall Ranch can offer that as well. Is it quality feeder cattle? Hall Ranch bulls will help you produce the feeder cattle that make the buyers bid.

If you don't want to take our word for it, ask our customers. Ask the buyers. Ask the people in the sale barns. Our two-year-old bulls are pasture raised and range ready. They will produce efficient, easy keepers with the power to grow and perform. They will sire moderate birth weight calves that have the potential to grow into functional cattle for the feeder markets. Hall Ranch bulls do the work every cattleman needs.

If you have any selection questions, give us a call. We always provide you with the opportunity to evaluate the bulls on their home ground 8 1/2 miles north of Bassett. We are working with DV Auction again, so you will also be able to view videos in February. Look for links on our website hallrang Angus.com, on Facebook, or Instagram, @hallrang Angus1902. If all else fails, the bulls will be in town on February 28.

See you, Wednesday, March 1 at the Bassett Livestock Auction!

2023 SALE REFERENCE AI SIRE:

DL Wheelhouse 409
3.1 100 172 29 Real world performance with dominant muscle shape and thickness. He is admired by cattlemen for his body shape, added bone and foot size and quality.

Musgrave 316 Exclusive
0.7 68 122 28 Larger outlines, higher performing version of his sire with the same body mass and phenotypic quality. His dam is a product of the Lassie cow family who's trusted in delivering fleshing ability, fertility and performance.

KR Synergy 7023
-2.2 69 112 21 Excellent calving ease with great phenotype, very correct, square and attractive. Tremendous eye appeal.

GAR Ashland K25
0.3 77 142 26 He offers true muscle shape and body depth in a structurally sound package, combine this with his performance data and you have the makings of a powerful herd sire.

OWNED SIRE:

MAF Capitalist 967 0.6 67 116 22
Deep, stout and power made bull in a smaller framed package. Packed full of red meat and travels easy on his feet.
TR MR Element 8353 1.8 75 132 27
Moderate birth weight in a compact package that provides added growth
SS Niagra E34 -0.2 59 120 38
A calving ease sire with added growth. Produces great females with awesome udders.

KR Incredible 8516 0.6 77 143 33
Out of a first calf heifer. He is long, deep and correct in his makeup.
MAF Armory 85 0.9 62 110 39
This Armory son has performance, carcass quality, maternal capability, calving ease, structure and a balanced set of EPD's. He has added bone, big foot and a great temperament.
